

RE Series

Vertical Reeler

High-tech components for the metal forming industry and automation assembly industry

Advantage

- Compact design for saving space
- Double head available
- Both for rewinding and unwinding
- Multiple safety protection to prevent material damage
- No PLC design, relay logic control circuit, ultra-high stability

Application range

Strip thickness: 0,08 – 1,2 mm

Strip width: 5 - 200 mm

Max. load: 500 kg

Suitable for single reel, traverse wound coil, wire and line core wires.

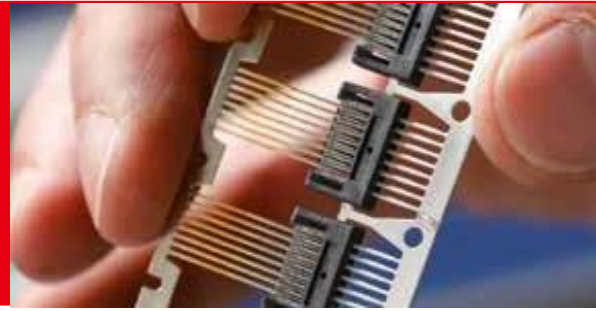

Optional Accessories

- Strip lever controller
- Paper coiler
- Strip protecting chute
- Stand fixture

RE 系列

垂直式卷料机

适用于金属成型及自动化装配领域的高科技部件

优势

- 设计紧凑节省安装空间
- 双头输出可选
- 卷料及收卷均可适用
- 多重安全保护防止损伤物料
- No无PLC设计，继电器逻辑控制，超高稳定性

适用范围

料带厚度： 0.08 – 1.2 mm

料带宽度： 5 - 200 mm

最大负载： 500 kg

适用于单卷、横向绕制线圈，电线和线芯
电线

可选配置及附件

- 料带缺料孔控制Strip lever controller
- 隔纸收卷
- 料带保护滑道
- 机架固定地脚架
